```

1.1.1. There were other little things too

Like callouts:

❶ callout1
❷ callout2
❸ callout3
❹ callout4

Here is a procedure:

1. step1
2. step2
3. step3
4. step4

1.1.1.1. The smallest things were as yet unknown...

something like a weblink then there is My olink also Section “*Standard table*” on page 11.

There are some more things of interest[1] that you can find in Section “*Lists are cool*” on page 9.

1.2. Lists are cool

Itemized list example

- Item 1
- item 2
- item 3

A.1. Questions and Answers

Here are some exciting questions and their answers.[AhoSethiUllman96]

Q: I have a question
A: Here is the answer
Q: I have another question
A: I do not know the answer

A.2. Some examples

Here is an example for reference earlier in the book.[Walsh97]

Example A.1. My example

Examples can be useful and they are referenced in the beginning of the book.

A.3. Block quote

Here is a block quote.

> Technological progress has merely provided us with more efficient means for going backwards. Aldous Huxley

A.4. Sidebar

For nice sidebar output you will probably need XEP.

My floating sidebar

If I was a nice sidebar this is what I would look like.
