### What will this app do for you?

It will make you much more attractive. In our latest sexsessment Kuvva is  
said to help increase appeal to the opposite sex by up-to 600%.

Kuvva is here to style your digital life. It started with styling Twitter and  
offering a selection of weekly curated content streamed straight to your  
Twitter profile and now in this latest release is here to style your desktop  
space.

### Supported systems

Mac OS 10.5 or higher on an intel processor  
Windows 7  
Windows XP and Vista partially supported

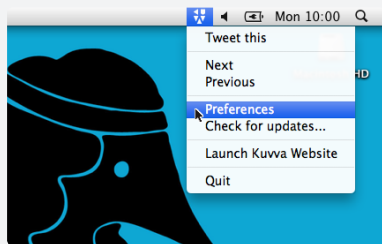

## Installation

### Mac OS 10.5 and 10.6

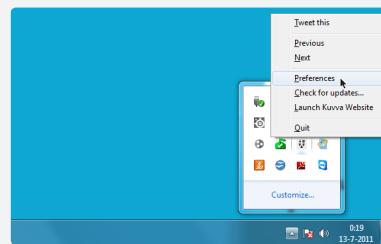

After you opened the .dmg file you downloaded, drag the Kuvva icon into your Applications folder. Double click the Kuvva icon in your Applications folder and once it's running you can check 'Open at login' in the preferences panel to automatically get visual awesomeness every time you boot up.

### Windows XP, Vista, 7

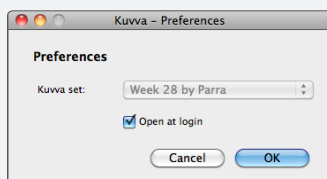

After you unzipped the file you downloaded, open the .exe file. This should start the installation process. Follow the usual steps and upon finishing, choose to 'Start Kuvva' Once it's running you can check 'Open at login' in the preferences panel to automatically get visual awesomeness every time you boot up.

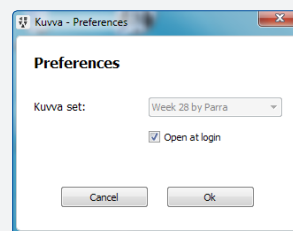

*On a Mac you can access the preferences from the menu bar*

*On Windows you can access the preferences from the taskbar*

*Preferences panel on Mac*

*Preferences panel on Windows*

## Using Kuvva

As you can see in the preferences, the pulldown menu is inactive. This means you'll only get the featured artwork by Kuvva. Over time you'll be able to select different sets of visual awesomeness which we'll host on kuvva.com.

## **Take Kuvva, and become friends**

If you share artwork together, you basically become friends. To show this new relationship we would be happy if you would follow us on Facebook and Twitter if you didn't already.
