_____

Installation Instructions

New Install - Please Read
After expanding the zip file, drag the R10BatchMail folder into your Applications folder (Macintosh OSX) or Program Files folder (Windows). You can actually put the folder wherever you like, the above locations are only recommendations. To run the program double click the R10BatchMail.app file (Macintosh OSX) or R10BatchMail.exe (Windows).

Upgrade - Please Read
Close R10BatchMail if it is running. After expanding the newly downloaded zip file, open the folder that is revealed and drag the **all the files** into your **existing R10BatchMail folder**. When prompted, confirm that you wish to overwrite the existing file(s).

2.3.1:   Released 19th September 2010
